## Pretty on Panola

The presentation of this home is unlike anything else in the area. It is a stunning home in immaculate and pristine condition. The care and love that the owner has put into it really shines through. This gorgeous open plan, low maintenance home is looking for a new owner to continue the love and attention. It is the ideal family home boasting 3 large bedrooms, including a master suite with a huge walk in robe and stunning bathroom. The other 2 large bedrooms both have built in robes.

The long hallway through the home leads to a beautiful open plan kitchen, living and dining area which overlooks the stunning low maintenance entertaining area. You will struggle to find a kitchen this big in any other 3x2 in the area. The kitchen is extremely high quality with no expense spared. The kitchen leads to a large laundry with ample storage: a must in any home! The light and airy open plan living area will be the heart of your family home for years to come. The whole house has ducted reverse cycle air con throughout to keep you cool in summer and warm in winter. Both front and rear gardens are extremely low maintenance including synthetic turf so there's not a lawnmower or high water bill in sight! This really is one in a million and will be snapped up quickly.
