A Big Welcome Home

This home is a place with space to breathe, where families can thrive.

This welcoming 4x2 is perfectly designed for families who want time together and time apart – a substantial master bedroom with ensuite, three double bedrooms with a further bathroom (including a bath!) and two living areas. It's easy to keep areas of the home separate and organised – one room could easily become a rumpus room, theatre room or study to accommodate different family members' needs as they arise.

Easy-care gardens add a bright splash to the Colourbond steel fencing, and there's enough lawn for a round of bocce, backyard bash or a picnic rug and a good book. The alfresco area will provide year-round cover for an intimate gathering of family or a party with plenty of friends. If there's a super-sized treat for someone's special day, the double garage opens directly into the rear of the property, making it easy to store a big ticket item away from prying eyes.

Situated on 515sqm in a peaceful area close to early learning centres and gardening retailers, this property has been primed for a new family looking to put down some roots. Almost directly across the road is an established bush reserve with walking track, and the surrounding streets are home to similar properties – no shoebox-sized blocks or multi-storey apartments in sight. It's
