

Spacious Summit-Built Family Living with Room for Everyone

Welcome to 6 Bright Street, Haynes – an impressive family home where generous proportions, multiple living zones and easy indoor-outdoor living come together to create a home designed for growing families.

Built by Summit Homes and positioned on a generous 480m² block, this substantial four-bedroom, two-bathroom residence offers far more than the standard family floor plan. Freshly painted and complemented by refreshed gardens, the home is ready for its next owners to simply move in and enjoy.

At the heart of the home is the expansive open-plan kitchen, living and dining area, creating a natural gathering place for everyday family life and entertaining. The kitchen overlooks the main living zone and offers generous bench and storage space, while the warmth of wood flooring adds character and creates an inviting feel throughout the living areas.

Families will appreciate the excellent separation of space. In addition to the main open-plan living area, there is a dedicated theatre room for movie nights and a separate activity area, providing valuable extra space for children, teenagers, a home office or relaxed family living.

The accommodation is equally practical, with four well-proportioned bedrooms including a private master suite with walk-in robe and ensuite, while the secondary bedrooms are positioned within their own family-friendly zone.

Step outside and the home continues to impress with a covered alfresco entertaining area, seamlessly extending the living space outdoors. Whether it's weekend barbecues, entertaining friends or simply relaxing while the children enjoy the backyard, this is a home designed to make the most of the Western Australian lifestyle.

Adding further appeal are solar panels, helping households manage ongoing energy costs, along with reverse-cycle air conditioning, a double garage and a highly functional layout offering excellent space and flexibility.
