Freshly Updated Family Home

Set on a generous 644sqm block with multiple living zones and a spacious backyard, this 4-bedroom, 2-bathroom home delivers the kind of space growing families will truly appreciate.

From the moment you step inside, the thoughtful design is immediately clear. Positioned towards the front of the home, the master bedroom offers a bright and spacious retreat, complete with a walk-in wardrobe and ensuite.

Opposite the master suite is the first of many living areas - a formal lounge room that provides a peaceful space away from the main family zone. It could function as a parents retreat, reading area or quiet place to unwind at the end of the day, giving the home excellent flexibility to adapt to your family's needs.

Moving further through the home, the layout opens into the main family, dining and living area, where a well-positioned kitchen creates a practical central hub for everyday life. The kitchen also has direct access from the double lock-up garage, making day to day tasks like bringing in the shopping that little bit easier.

Bedrooms 3 and 4 feature walk-in wardrobes, making them ideal for children, teenagers or guests needing extra space. The secondary bedrooms are serviced by the main bathroom, making the layout practical for everyday family living.
