'The Block' could have been involved..

4 2 682m2

As the curtains roll back for opening night this starter 4brm 2bth home has had a complete makeover and is ready to hit the screens.

The renovations in the kitchen with island bench commands attention as the centrepiece of an open plan family and meals. Floors are a hard wearing light granite and high quality laminate that the kids would have a hard time doing damage to. There's so much to enjoy including stunning newly renovated bathrooms that would appear 'The Block' could have been involved.

The party can comfortably spill outside to an extensive undercover alfresco which doubles as a spot where your new little ones can play sheltered from all weather. There's room for backyard cricket or even a pool down the track on this 682sqm block if that's your thing.

So what's left, oh yeah! The whole place has had a new paint job along with some other pleasant surprises that you'll see when you arrange to look inside this weekend.

Call me now and get in before the for sale sign goes up.
